2007 Honda cr250

Very good condition.

Full engine rebuild less than a hours use since then receipts and old parts to prove.

For sale due to severe police corruption, because of the police the NHS have refused me treatment for 20 months now, I need the money to pay for a mri scan as the NHS refuse to give me my results from over a year ago, I also need the money to pay for medication as the NHS refuse to give me a prescription for medication as I have a fabricated drugs conviction and because I have enough evidence to get a whole police force sent to prison for a very long time, I also complained about the NHS and DWP helping the police to murder me and make it look like suicide. If the DWP would give me the £50000+ that they owe me I would not have to sell my bike. I also need to pay my sister back the £2000 it cost her to move me away after the police threatened to get me convicted of being a paedophile.

Cash on collection only. Best reasonable offer will be accepted the bike will be available in Edinburgh not the Highlands

Strictly no people who take bribes from #art motors in Leicester, go back to selling stolen motorcycle parts, dealing drugs and helping the paedophile protection crew.

It say's strickly NO people who take bribes from corrupt police from #art motors in Leicester. Not get your scag head mates to bid on things destroy them and then send them back. Go phone paedophile H.Q. and get some more fabricated lies and plaster it all over social media again.

No stalkers, no people who get let off with 22 years of benefit fraud and drug dealing in exchange for trying to help the police stitch me up as a paedophile. Who's uncle gets children pregnant?

All of you sick people are all going to be named and shamed, I don't care how untouchable you think you are.

Stalkers, Murderers,Fraud, Identity theft.

Bullying sick people with fabricated rubbish.

For all of you lovely people who have spread my mothers lies around about me from my social work records, my mother is a psychopath as my brother or my sister will confirm. My mother abused me from a you age beating me daily because I had a bowel disease that was not discovered until I was 24/25. While my father was dying of cancer I was told by my mother as soon as he died I would be put into social care, my father had to leave our family home a few months before he died because he could not deal with her psychotic behaviour any more. My mother at

he died I would be put into social care, my father had to leave our family home a few months before he died because he could not deal with her psychotic behaviour any more. My mother at the time my father left claimed my father left her with no money for food or the mortgage ect my aunt still has the check stubs she was sent £250-300 every week and he paid the mortgage on top of that until he died. She also claims in my social work records that we did not find out about my fathers death until 2 days after he died more lies, he died at 11.30am 11/5/92 there was a gp at my mothers house by 1pm as I had gone home for lunch from school. After my father died I was kicked out at the age of 13, my sister was left home alone for weeks at a time by herself at the age of 10 while my mother was away with her boyfriend. Her boyfriend who is now her husband use to threaten to beat me while I was a 13 just for coming to my mothers house. While in social care in 1994 The Highland Council and Northern Constabulary Police used me as a scape goat for several children who were caught sniffing glue in Culloden academy they were all told to pin it on me by the police, I was in Drumnadrochit school the day it happened. This is just a small portion of how evil my mother actually is.

Because of all these lies and my mothers delusions and the fact that all my records were stolen and released to everybody I have ever come into contact with, the police planned to murder me and making it look like I was a junkie/substance abuser, when I caught them out they then tried to get my sectioned by using one of the police officers friends, that did not work either as I caught them out, so DC4242 Tracey Coleman from Leicester police professional standards department came round and threatened to get me convicted of being a paedophile. I have been stalked by 36 people that I know of its probably a lot more including people like Noel Shanahan the head of the DWP.

Truth hurts someone is getting upset. Back pedalling now, suits you just like your spineless paedophile protecting friends.

I'm not the one helping pedos. Come say something to my face then, you have my address, the last one of your pedo gang that did that ran away and hid behind your pedo gang for 18 months. Even your friends know you would sell them out for 50p you plastered it all over faeces book. Go back to pedalling drugs and pretending to be a factory Suzuki crew chief. Go phone pedo H.Q. again see what other lies they can drag out of my social work records again. Spineless wannabe. Your plan to mess my account up backfired, now 7000 people know your a pedo lover. I wonder why your pedo mates started throwing money at a low life drug pedalling loser like you, you might want to have a think about that.

Ross Thompson, you vile excuse for a human. You've been evicted out of your horrible council flat on 72 queensway old dalby. Yes I went and spoke with your neighbours. You are the paedophile my friend. We never said anything about you or anything to you. You are a known rapist and paedophile that's why your neighbours wanted you gone, and that's why the police were always after you. We feel ashamed that we let a paedophile in our premises in the first place. So go and make up stories about people you don't know. All of those names on the list are your neighbours and people who know about your dirty ways. Ring me if you have the balls ross Thompson, if that really is your name. You shameless spineless man. Keep hiding behind your computer, we know your at your sisters house and I have her details too so I'd be a bit careful about who your accusing of being the drug dealer and paedophile when your the paedophile.

New message from: [ieran200sx](#) (383 ★)

Police have been informed by the way so see you in court and as for the stolen parts and drugs dealing...police have been to the workshop and my house, they are very interested in speaking with you so keep going and place more ads so we know where your hiding

I wonder who this could be?

New message from:

How long have you known ?

All these people know the truth and have been involved in stalking me, planning to murder me, trying to cause me mental health damage by coming out with things from my past, trying to stitch me up as a paedophile, trying to get me sectioned, trying to get me to commit suicide by talking about the various lies my mother came out with and the things PC Ian Leach from Culloden police blamed me for after I found out I was used to get other kids off with glue sniffing. My mother and her husband and his son are now trying to destroy as much evidence as possible as they tried to help the police stitch me up as a paedophile so they don't get done for child abuse for the treatment of my sister my brother and myself. I can prove everything and the government wants me dead.

The police refuse to take crime reports from me, and now that Derek and David Mackenzie have tried to destroy the hard drive from my laptop with child porn uploaded from a police IP address and all the youcam video's of me and all the terrorist photos, photos of Jimmy Saval ect I am going to post everything on you tube. And someone in there family was part of the education board in 1994 when I was stitched up as a solvent abuser.

If Paul's parents see this the police were investigating your son they have stolen photos out of my computer, enhanced people's faces and sent them back to themselves, including photos of Paul.

1/4/15 the police had to be force to turn up at court.

Zersetzung.
